PROFILE

Creative front-end developer with **2+ years** crafting fast, accessible, motion-led interfaces. I turn design into polished, performant **React** experiences — with a particular love for **GSAP** motion and real-time **3D on the web**.

Experience

Front-End Developer

2024 — PRESENT

Freelance / Independent

- Design and build responsive, accessible interfaces for startups and studios.
- Ship motion-led landing pages using React, Tailwind, GSAP and Framer Motion.
- Work with clients end-to-end, from concept through launch and iteration.

Junior Front-End Developer

2023 — 2024

Studio / Agency

- Built and maintained component libraries with React and TypeScript.
- Translated Figma designs into pixel-accurate, performant UI.
- Contributed to 15+ client projects across web and marketing sites.

Selected projects
